VACUTAINER® Vacuum Blood Collection Tubes

- Reliable quality
- Trusted worldwide

VACUTAINER® Needle Holder 364879 BD

- Standard
- Multi use

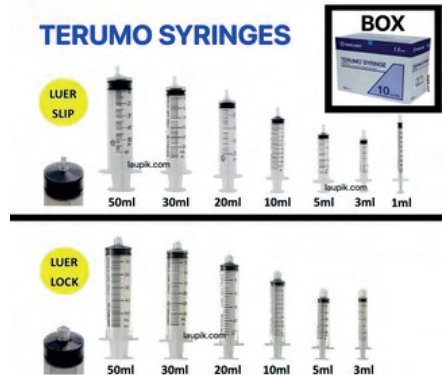

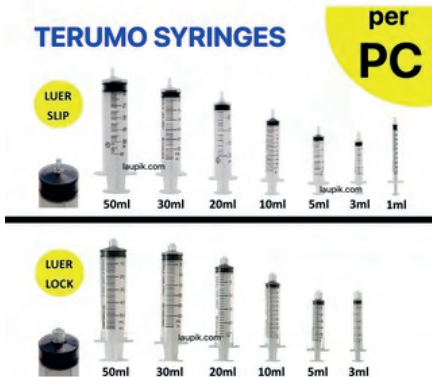

VACUTAINER® Flashback Blood Collection Needle BD

- Can be used for multiple tube samples
- Coated with silicone for smooth vein entry
- Low-angle bevel design for smooth vein entry
- Individual laser control maintains the highest quality

MEDICAL

TERUMO Syringe Plastic Disposable Without Needle

- 3 parts syringe
- Sterile Individually wrapped
- High transparent barrel
- Tamper evident packaging

- Double-gasket for an airtight seal
- Optimal plunger movement
- Firm and definite end-stop plunger
- Latex and PVC-free

VACUTAINER® SAFETY-LOK™ Winged (Butterfly Needle) Blood Collection Set BD

- Simple, easy to use and safety engineered
- Ready to use right out of the package
- With no assembly required
- Protect against needle-stick injury

LABWARE - GLASS

Stirring Rod Glass (Borosilicate) For Laboratory (Lab) ARAS I
- Economical

Beaker Glass (Borosilicate) Low Form HMBG
- Economical

Beaker DURAN® Glass (Borosilicate) Low Form DWK (Formerly SCHOTT)

- Made from DURAN® borosilicate glass
- Autoclavable
- Easy-to-read scale and large labelling field for easy marking
- Durable and scratch resistant white ceramic marking
- Uniform wall thickness ideal for heating applications

Glass Syringe

Sample Storage Vial (Glass) With Screw Cap TRIDENT SAMCO UK

- Made from neutral glass
- Meets requirement of pharmaceutical industry
- With screws caps, clip-on closures or polythene plugs
- Manufactured with buttress thread for optimum closure

LABWARE - GLASS

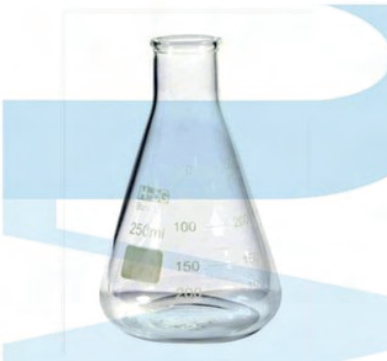

DURAN ® Laboratory (Lab) Bottle Clear Glass (Borosilicate) DWK (Formerly SCHOTT)

- Made of DURAN ® borosilicate glass.
- Autoclavable up to 121°C
- Meets USP requirement
- Meets ISO 4796 requirement
- With easy-to-read scale and large labelling field for easy marking
- Fired-on, highly durable white ceramic
- Complete with blue screw cap (PP, integral lip seal)
- Pouring ring (PP) for drip-free pouring and clean, safe working
- Service temperature level of screw cap and pouring ring: +140°C

Laboratory (Lab) Bottle Clear / Amber Glass GENERIC

- Economical
- With PP screw cap
- With PP pouring ring
- Suitable for storage of chemical at room temperature

Conical Flask Glass (Borosilicate) Narrow Neck HMBG

Amber Glass Bottle (Tamper Proof Cap)
- With insert stopper

LABWARE - GLASS

DURAN® Yutility Laboratory (Lab) Bottle (Borosilicate) DWK (Formerly SCHOTT)

- Made of DURAN® borosilicate glass
- Autoclavable up to 121°C
- Meets USP requirement
- Meets ISO 4796 requirement
- With easy-to-read scale and large labelling field for easy marking
- Fired-on, highly durable white ceramic
- Complete with blue screw cap (PP, integral lip seal)
- Pouring ring (PP) for drip-free pouring and clean, safe working
- Service temperature level of screw cap and pouring ring: +140°C

Conical / Erlenmeyer Flask DURAN® Glass (Borosilicate) Narrow Neck DWK (Formerly SCHOTT)

- Made from DURAN® borosilicate glass
- Meets & exceeds ISO 1773 standard
- Autoclavable up to 121°C
- Meets USP requirement
- With easy-to-read scale and large labelling field for easy marking
- Highly durable & scratch resistant white ceramic graduation
- Due to conical form, suited to the mixing of liquids
- Uniform wall thickness ideal for heating applications

LABWARE - GLASS

Ointment / Specimen Clear Glass Jar SAMCO UK

- Extra wide neck
- Black rigid phenolic cap

Cover Slips For Microscope Slides (Glass) MENZEL EPREDIA (formerly THERMO)

- High quality
- Highly transparent and achromatic
- Practically free of any colour distortion
- High optical homogeneity
- Practically free of inclusions, streaks, bubbles
- High spectral transmission
- Good planarity
- Good chemical stability
- Refraction index adjusted for microscopes
- Preferred by professionals

Measuring / Graduated / Serological Pipette Glass Class B GENERIC

- Economical

LABWARE - GLASS

Pasteur Pipette Glass GENERIC
- Find & long tip

Test Tube Glass With Screw Cap GENERIC

- Economical
- Suit for storage, display etc...

Hydrometer Density (Specific Gravity)
Precision ALLA France
- Good quality

Thermometer Mercury Alcohol In
Glass ALLA FRANCE

- Decent accuracy
- Good built quality
- Sharp & clear graduation
- Yellow backing for easy view
- Fused graduation (truly scratch resistant)

LABWARE - GLASS

Vacuum Filtering Flask Glass HmbG

- Economical
- High quality
- Thick wall

Burette Class B (Glass) FAVORIT

- Economical

Hydrometer For Density GENERIC

- Economical

Beaker DURAN ® Glass (Borosilicate) Low Form DWK (Formerly SCHOTT) 3L, 5L, 10L

- Made from DURAN ® borosilicate glass
- Autoclavable
- Easy-to-read scale and large labelling field for easy marking
- Durable and scratch resistant white ceramic marking
- Uniform wall thickness ideal for heating applications

LABWARE - GLASS

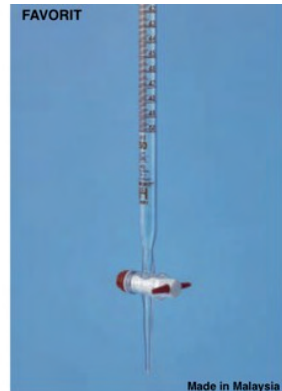

Bijou Pathological Glass Bottle 7ml [Thick Wal] FAVORITA

- Economical
- Autoclavable

Burette Class AS (Glass) FAVORIT [HIGHEST GRADE]

- Schellbach stripe
- High accuracy
- Tight tolerance
- Amber graduation
- PTFE stopcock
- Borosilicate glass 3.3
- Meet & exceed EN ISO 385 requirement
- Suitable for analytical lab work, quality control & etc

DURAN ® TILT Bottle Glass (Borosilicate) DWK (Formerly SCHOTT)

- Made of DURAN ® borosilicate glass
- Autoclavable up to 121°C
- Meets USP requirement
- Complete with screw cap

LABWARE - GLASS

FULLY FROSTED SLIDES

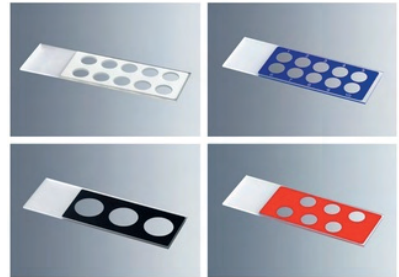

Microscope Slide (Glass) Fully Frosted / Dakin For Immunohistochemistry (IHC) 7110 SAIL

- Fully frosted (Fully frosted slide is normal plain slide 7101 that has gone through additional manufacturing process to make it fully frosted)
- Economy

Diagnostic Slide PTFE Coated / Printed GENERIC

- Economical
- Hydrophobic PTFE
- Small qty for minimal budget

TLC Developing Tank (Glass) For Thin Layer Chromatography GENERAL GLASSBLOWING USA

- Lid included
- Single moulded sturdy tanks
- Flat ground top
- Bottom has been ground flat for stability

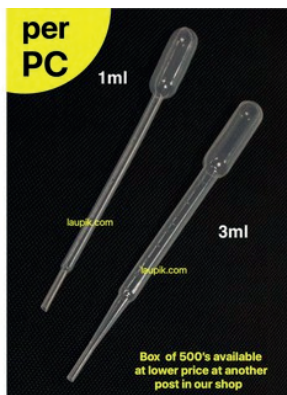

LABWARE - GLASS

Beaker / Measuring Cup / Bikar / Plastic PP (50ml-1000ml) GENERIC
- Economical

Centrifuge Tube Plastic PP 15ml, 50ml
Conical Bottom With Screw Cap LAUPIK

- Good quality
- High clarity
- Graduation till the conical bottom
- Disposable

Pasteur / Transfer Pipette (Plastic) Disposable
1ml / 3ml ARASI

- Economical
- PE material
- Mould graduated
- Disposable

LABWARE - GLASS

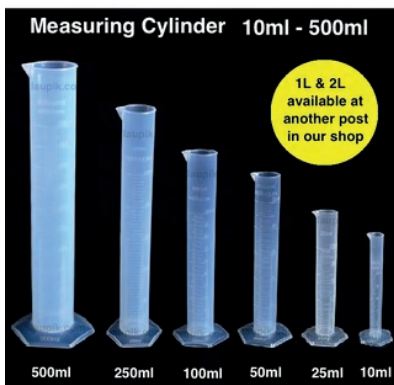

Biohazard Yellow Bag For Clinical Waste Disposal

- Thick 0.055mm
- With Biohazard Logo

Weighing Boat / Tray Plastic

- Smooth surface
- Virgin plastic material

Measuring Cylinder / Silinder Penyukat / Plastic PP (10ml - 500ml) GENERIC

- PP material
- Economical
- Hexagonal base
- Moulded graduation (Permanent)
- Suitable for general educations, hobbies...etc

LABWARE - GLASS

Wash Bottle Plastic For Lab (Laboratory) Narrow Neck 125ml - 1000ml GENERIC

- Economical
- For schools, universities and industrial laboratories

Filter Funnel Plastic PP Laboratory GENERIC

- High quality
- High clarity

Centrifuge Tube Plastic PP 15ml, 50ml Conical Bottom With Screw Cap LAUPIK

- Good quality
- High clarity
- Graduation till the conical bottom
- Disposable

LABWARE - GLASS

Spatula Lab (Laboratory) Plastic
- Economical

Silicone Tube / Tubing Hose Food Grade

- Economical
- High transparency
- For laboratory, drink, aquarium...etc

Wash Bottle Plastic For Lab (Laboratory)
Wide Neck With Coloured Cap OEM

- Coloured cap for easy identification
- For schools, universities and industrial laboratories

Petri Dish Sterile Ø 90mm Plastic
Disposable BRANDON / FAVORIT

- Economical

LABWARE - GLASS

Parafilm M (1 ft = 12") Laboratory / Grafting Film

- Protect the integrity of research applications with a tight moisture-barrier that holds a strong seal and does not release from glassware, despite off-gassing
- Reduce the risk of tampered data with a covering that is odor-less, color-less and semi-transparent
- Prevents moisture and volume loss due to material composition and tight seal
- Flexible and self-sealing material allows it to cling around irregular shapes and surfaces
- Stretches more than 200% of original length
- Resistant up to 48 hours against many polar substances such as saline solutions, inorganic acids and alkaline solutions

Beaker / Measuring Cup / Jug Plastic With Handle [Tough] GENERIC

- Economical
- Tough handle
- Pp material
- Highly transparent
- PP withstand -80°C to 110°C
- Suit for home, laboratory, etc

LABWARE - GLASS

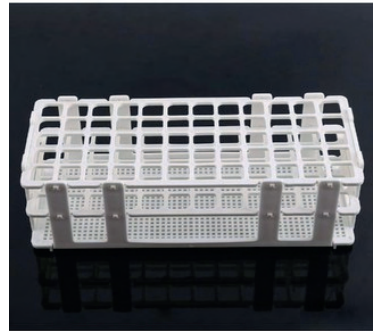

Pipette Tips (Universal) GENERIC

- Fit most of the pipettor
- Virgin PP material
- Autoclavable

Test Tube Rack (Assembled) Plastic ARAS I
